

Unternehmens- grundsätze

Vital-Office ist die Kunst des Einfühlens in komplexe Zusammenhänge zwischen Mensch und Büro-Umgebung.

- So stehen wir dem Bauherrn als Fachberater und dem Architekten als Fachplaner zur Seite.
- Unsere Arbeit ist geprägt, Arbeitsplätze optimal für Mensch und Unternehmen gleichermaßen zu planen und gestalten.
- Unser bereichsübergreifendes Know-how basiert auf über 20 Jahren Erfahrung in der Gestaltung von lebendigen Vital-Office®Bürowelten.
- Vital-Office hat es sich zur Aufgabe gemacht, Bürokonzepte zu entwickeln, die inspirieren und motivieren und zugleich dem Menschen in seiner Umgebung Komfort, Sicherheit und optimale physiologische Unterstützung bieten.
- Wir verbinden zielorientierte Konzepte, ergonomische Büroraum Planung und Möbeldesign, moderne Baubiologie und eine traditionelle Sichtweise und Umgebungsanalyse Performance optimierter Innenarchitektur (Feng Shui).

Vital-Office® History

Peter Jordan ist der Gründer von Vital-Office®, einer Dachorganisation für ein ganzheitliches und nachhaltiges Designkonzept..

In einem Möbel produzierenden Familienbetrieb aufgewachsen, erlernte er traditionell das Schreiner-Handwerk und die Prinzipien nachhaltigen Designs. Im Jahr 2000 entwickelte er zusammen mit Feng Shui Architekt Thomas Schopf und Feng Shui Meistern wie Jes T.Y. Lim das erste authentische Feng Shui Büromöbelsystem und kombinierte das traditionelle Wissen des Feng Shui mit wissenschaftlich gut fundierten ergonomischen Erkenntnissen.

Als anerkannter Redner vermittelt er seine Erkenntnisse über kreative, lebendige Büroplanung und Büroeinrichtungen regelmäßig auf Konferenzen und Veranstaltungen, wie etwa dem internationalen Kongress "Facility Management" in Frankfurt, der Conscious Design Conference in New Jersey (USA), der internationalen Feng Shui Konferenz in Budapest und 2009 auf der 4. Internationalen Konferenz über Scientific Feng Shui & Built Environment an der Hong Kong City Universität..

Mit seinem Buch wird nun ein Teil der Erfahrungen und Konzepte publiziert.

Testimonials

” ... Die durchwegs runden, fließenden Formen der einzelnen Arbeitsplätze sowie auch das gesamte Layout haben die Dynamik gesteigert und die offene Kommunikation gefördert. ... “

Customers worldwide:

Aspecta Lebensversicherungen, HDI-Gerling AG / artundweise GmbH, Bremen / H.C.Starck Konzern, Goslar, München, Gangzhou / Kärcher cleaning equipment, Changshu / Jungheinrich Shanghai / Optima packaging group, Schwäbisch Hall, France, Shanghai / Rheinmetall AG Hannover / DREHTAINER, Valluhn SIG, London + Paris + Wien + Ettlingen / Frank Türen AG, Buochs, Swiss / HPI Hasso-Plattner-Institut, Potsdam / Global Prime Office, Montreal, Essilor, Oficina de Representación en Espana de Raiffeisenbank Kleinwalsertal AG, Mallorca / Thyssen Alpha, München

5 Lastzüge mit Vital-Office Möbeln wurden am Stammsitz eines Schweizer Unternehmens nahe Zürich angeliefert. 6 Monate nach Installation der neuen Möbel kommentierte das Unternehmen:

"Unter 15 namhaften Büromöbel-herstellern haben wir uns klar für das Vital-Office System entschieden. Dank der hohen Flexibilität in der Kombination einzelner Elemente hat sich unsere Investition bereits bezahlt gemacht. Als ein Unternehmen in der IT-Branche sind wir auf schnelles Reagieren auf personelle und räumliche Veränderungen angewiesen. Je nach Projekt können wir ad-hoc leistungsfähige Teams auch räumlich zusammenstellen.

Wir sind überzeugt, mit Vital-Office den richtigen Partner gewählt zu haben!"

Unsere Mitarbeitenden bestätigen uns, daß sie sich an ihren Arbeitsplätzen sehr wohl fühlen und sich durch die angenehme Atmosphäre auch länger konzentrieren können. Die Kommunikation und Zusammenarbeit der Mitarbeitenden hat sich ebenfalls verbessert.

Die durchwegs runden, fließenden Formen der einzelnen Arbeitsplätze sowie auch das gesamte Layout haben die Dynamik gesteigert und die offene Kommunikation gefördert. Die runden Formen steigern die Bereitschaft, aufzustehen und mit den Teamkollegen einen Gedankenaustausch vorzunehmen.

Umweltfreundlich und Gesund

Vital-Office setzt traditionell auf zeitlos wertige Produkte, die den daran arbeitenden Menschen ergonomisch unterstützen, zur Gesunderhaltung beitragen und eine nachhaltige, wandelbare Arbeitswelt generieren.

Vital-Office Tischplatten haben KEINE Plastikkante! Sondern eine eigens entwickelte natürliche Holzkante, die profiliert und gewachst / geölt ist.

Ökologische Tischplatten aus Bambus Massivholz.

Berücksichtigen wir die lange aktive Nutzungsdauer der Vital-Office Tische rentiert es sich ökologische Bambus Tischplatten anzuschaffen. Somit wird Qualität und Nachhaltigkeit mit Wertigkeit und Komfort verbunden.

Acoustic Material:

Deutsche oder Chinesische Produktion?

Vital-Office ist international aktiv. Wir produzieren in Deutschland für den Europäischen Markt und in China für den Asiatischen und Amerikanischen Markt.

In Europa erhalten Sie Qualitätsprodukte, die in Deutschland in unseren Stammwerken produziert werden!

Für Projekte außerhalb Deutschlands besteht die Möglichkeit direkt bei unserer Niederlassung in China einzukaufen. Strenge Qualitätsrichtlinien sichern dabei die Vital-Office Qualität:

To ensure our German quality guidelines we engineer all our products and train our various production facilities.

And to ensure competitive price we audit and select sub supplier for e.g. material and steel bases from various specialized productions and fit this together in final production.

Buying from us, means buying German engineered quality products directly from the best source production facilities.

Bamboo-Office

Bamboo is a perfect example of a green product - sustainable, environmental friendly and as hard as German oak. We offer our whole range of office furniture in bamboo material. Also you can combine bamboo with other materials.

Acoustic-Office

Environment friendly and colorful acoustic material build-in or added to the furniture concept. E.g. acoustic cabinets and caddies, baffle or panel blind application to partition office space.

CONCEPT

we analyze the customer's needs and targets he want achieve in his future office before we start. The target set leads the way of design, planning and product selection or engineering.

Vital-Office

Anthropometric shapes are more space efficient than rectangular shapes. Our shapes are engineered according Feng Shui and geometric harmony rules and guarantee excellent working and a privacy sphere.

Ergonomics

Inspired by the power of nature our ergonomics concept is holistic. We combine flexibility, space efficiency, ergonomics and value perception to improve working conditions and business results.

Modular Kit

We benefit from a modular construction kit of furniture items and tools, developed throughout the last 20 years. Creating a large planning and design variety. All kit elements are optimized to fit together, enabling e.g. easy replacements and add-ons.

Product Engineering

Our products designs meet the concept's requirements. We perceive office furniture as tools for easy working and enhanced collaboration within an office.

Planning

A professional space planning, done by our experienced senior architects and ergonomics specialists is the alpha and omega. It mirrors customer's target and respects human requirements for healthy efficient working conditions.

Portfolio
